Do It

Foot washing was a custom at Jesus time, people walked everywhere and wore sandals so their feet were dusty and dirty. Foot washing was not a part of Passover but Jesus made it a part of the ceremony he gave his disciples to remember that the reason he came and died was to wash our sins away. Each part of the ceremony represents a way that Jesus washes us from sin. Find a container you can put water in and a towel and find someone who is willing to have you wash their feet and in turn wash yours, talk about how Jesus wants to wash away our sins.
